Whether true or not, I can't say, but a rumor is in circulation here that negotiations have been concluded and a purchase agreed upon, and ere long we hope to hear the iron village of Oakdale again resound with the reverberations of

industry and activity. The track layers of the Southern road have reached a point opposite Washington, in Rhea county, about forty miles above Chattanooga, and will reach Emory Gap (our nearest point to the road, which is four miles) about July 15th. We cannot anticipate the value the completion of this road will be to our people in the future. Thousands of enterprises will spring up in consequence of the road, and if they will rouse up and shuffle off the stupidity and lethargy, which they have always suffered themselves to be bound, and actively participate in these enterprises as they spring up they can better their conditions, otherwise they will be stung out of the hive and their "last state will be worse than the first."

We are now assured that an early connection of the Walden's Ridge Railroad is a foregone fact. This line extends from Emory Gap, on the Southern Road, through our section to Winter's Gap, a distance of seventeen miles. It is designed to reach the extensive and magnificent coal veins at Winter's Gap, and when completed to that point Knoxville will, I presume, be swift | Extra C. KNOXVILLE CHRONICLE FOR 1879. Subscribe for a Good, Reliable News

paper.

The DATLY CHRONICLE, and WEEKLY WHIG AND CHRONICLE, will be kept up during the year 1879 to their usual high standard. By enterprise, accurateness, and close attention to the wants of our readers, we hope to merit a continuation of the liberal patronage heretofore extended these journals.

Nearly nine years ago, when there was not a Republican daily in the State, and only two or three in the South, we commenced the publication of the CHRONICLE. In all these years we have battled for Republican principles, and see no reason to change our course now. Hence we shall continue to publish

a truthful, reliable Republican journal, not the organ of any man or clique, but the outspoken and fearless advocate of principles, measures and men, best calculated to promote the welfare of the country and the Republican party.

We will endeavor to make our agricultural columns worth more to farmers than our subscription price.

As a newspaper our publications shall not be excelled in the State. In addition to our telegraphic dispatches from all parts of the world, our readers shall have the benefit of correspondence and every other means through which reliable infor-

mation is obtained, Each number of the paper will contain selections made with special reference to the home circle. We will continue to avoid everything calculated to contaminate, and will publish a paper that may be taken without question within the sacred precints of the family circle.

Our market reports shall have close attention, and be made entirely correct and reliable.

We call upon all persons interested in the publication of our independent, fearless, reliable Repub lican journal to come to our aid and assist in extending the circulation of the DAILY CHRONICLE and WEEKLY WHIG AND CHRONICLE.

In view of the financial pressure upon the country and the general reduction of values, we have decided to reduce the price of the WEEKLY WHIG AND CHRONICLE to suit the times. In the future we will send SANFORD'S the true Jamaica Ginger our weekly paper to subscribers on French Brandy for Cholera, the following the following.
